

Covering the Balance

Now that you have your financial aid letter, you may be wondering how to cover the rest of the balance. Don't worry—we have a lot of ideas for you!

1. SEARCH FOR OUTSIDE SCHOLARSHIPS

There are thousands of dollars in outside scholarships waiting for you. All it takes is the time to look for them and the determination to apply. Sometimes finding scholarships is as easy as looking online:

- chegg.com/scholarships
- fastweb.com
- scholarshipamerica.org
- scholarships.com
- [Scholly App](#)
- questafoundation.org
(for northeast Indiana residents only)

If you receive outside scholarships, don't forget to notify the Financial Aid Office here at Indiana Tech. Just email the documentation to financialaid@IndianaTech.edu, or fax it to 260.422.1578.

2. VETERANS BENEFITS

If you or your parents have recently served in the military, you may qualify for veterans benefits. Visit our website at military.indianatech.edu, or email military@indianatech.edu for more information.

3. PAYMENT PLAN

If you are worried about having to pay all of your costs up front, we have a solution. You can divide your payment into monthly installments using a payment plan. Visit indianatech.edu/paymentplan for more information on setting up a payment plan. If you plan to fund your education using a payment plan, you must set up your payment plan through your my.indianatech.edu account prior to the first day of class.

4. PARENT PLUS LOAN

Parents can take out federal loans for their students, too. The application must be completed online at studentaid.gov. If the parent is denied, the dependent student will qualify for an additional \$4,000 in federal unsubsidized loans. Please contact your Indiana Tech admissions counselor for guidance on the appropriate time to apply.

5. PRIVATE STUDENT LOAN

Check with your bank, credit union or lending institution to see if they have an educational loan product. If not, or if you're looking for more options, visit elmselect.com to compare lenders. For additional information visit our private loan site at ind.tc/private-loan.

6. WORK STUDY

This program, which is funded by the federal government, lets you work on campus and earn money while you're in college. Eligibility for the work study program is determined by your FAFSA.

7. WORK ON CAMPUS (NON-WORK STUDY)

There are plenty of on-campus jobs for students that may help cover the cost of college. Visit hr.indianatech.edu/students to learn more.

You will have additional paperwork to complete. Please refer to your financial aid letter for details.

Scan this QR code for copies of 2023-24 verification documents.

Questions? Please contact your admissions counselor.

If you run into issues with the FAFSA, you can also contact their support line at 800.433.3243

READY TO COMMIT TO IT?

Submit your deposit(s) today:
indianatech.edu/deposit
